## User Survey

Many thanks to all those people who helped with the user surveys we carried out in June and July.

The findings have provided us with an invaluable source of information which will enable us to build a picture of current users of South Park Gardens. We can analyse the findings to see how we can attract more people who do not currently use the Gardens. Thanks also to all of you who helped by completing the brief questionnaire. Your opinions and suggestions have been noted and many will be taken forward as part of the bid to the Heritage Lottery Fund. Some of the findings are shown below.

## Thanks to John and Ron

Many thanks are due to John and Ron for giving us such a lovely display of bedding plants this summer. Despite the weather, which has been changeable to say the least, the flowers have provided a fantastic array of colour.
